OVERVIEW

Well-rounded business student with extensive technical expertise, equipped to provide unique value to a company's people, service, and profit – regardless of industry.

EDUCATION

Tennessee Technological University   **Expected – May 2025**

Bachelor of Science in Business Administration
Major: Management Information Systems
Minors: Business Management, Social Science

EXPERIENCE

FedEx Corporation – Enterprise Business Services   **June – Aug 2024**
Finance Intern – Global Disbursements Analyst

- Developed a topic modeling tool that uncovers latent themes within internal support cases and provides nuanced, qualitative insights for strategic managerial decisions
- Implemented a custom automation solution for mailbox management, cutting down daily email processing time by 80%
- Researched and identified opportunities to eliminate manual procedures within a freshly merged subsidiary, accelerating its alignment toward global process standardization

Grant Funded Pedagogical Project   **January – May 2024**
Independent Game Developer (Freelance)

- Operated as a one-man development team, turning the concept of gamifying educational curriculums into a classroom-customizable prototype build
- Worked directly with the client to clarify requirements, present deliverables, incorporate feedback, and ultimately align the final product with their vision. Additionally produced detailed documentation and video tutorials, ensuring seamless handoff and client autonomy for any future modifications
- Performed all project planning, asset creation, UI/UX design, programming, debugging, and testing independently - leveraging prior knowledge and self-taught Godot Engine expertise

Target   **June – Dec 2022; Summer 2023**
General Merchandise Member

- Conducted regular inventory audits on both sales floor and backroom merchandise, as well as pricing audits, to uphold accuracy and pricing consistency
- Maintained the electronics section, actively listening to customer concerns, and providing knowledgeable explanations; additionally coordinated with third-party vendors to ensure their products' availability
- Performed thorough inspections by comparing shipping manifests with received merchandise to guarantee complete and accurate deliveries (specifically for valuable electronics)
